

Vaccination and Check up Schedule

Well Child Check-up and Immunization Schedules

As part of our well child care, check-ups are given at regularly scheduled intervals and vaccinations are an essential component of the care we provide for our patients. The following calendar indicates the ages for routine check-ups and the vaccinations that are normally given at those visits.

Each check-up includes a growth and weight evaluation, a full developmental assessment and a complete physical examination.

AGE	Immunizations/Screening Tests
Birth (in hospital)	Hearing screen, congenital cardiac screen, newborn blood screen, Hep B vaccine
1st 1-2 weeks	Post Hospital exam, weight check, bilirubin check
4 weeks *	Review of screening tests, Hep B vaccine
2 months	DTaP, Hib, IPV, Prevnar, Rotateq vaccines
4 months	DTaP, Hib, IPV, Prevnar, Rotateq vaccines
6 months	DTaP, Hib, IPV, Prevnar, Rotateq vaccines
9 months	Hearing screen, Dental varnish; Hep B vaccine
12 months*	CBC, Lead screen, Dental varnish; Hep A, Prevnar vaccines
15 months	Dental varnish; DTaP, Hip, IPV, MMR, Varicella vaccines
18 months	Hearing screen, dental varnish; Hep A vaccine
2 years	CBC, lead screen, dental varnish
3 years	Vision and hearing screen, dental varnish
4 years*	Vision and hearing screen, CBC, urinalysis; DTaP, IPV, MMR, Varicella vaccines
5 years	Vision and hearing screen, CBC, urinalysis
*The 4 weeks, 12 months and 4 years exams should NOT be done before those birthdays.	
6-8 years	Vision and hearing screen, CBC, urinalysis
9-11 years	Vision and hearing screen, CBC, urinalysis, lipid profile; HPV (Gardasil)
11-12 years	Vision and hearing screen, CBC, urinalysis; Tdap, Menactra, HPV vaccines
12 and up	Vision and hearing screen, CBC, urinalysis
16-18 years	Menactra, Trumemba vaccines
18-20 years	Vision and hearing screen, CBC, urinalysis, lipid profile

Abbreviations used:

DTap	Diphtheria, Tetanus, acellular Pertussis (whooping cough)
CBC	Complete blood count
Hep A	Hepatitis A vaccine
Hep B	Hepatitis B vaccine
Hib	Hemophilus influenzae, type b vaccine
HPV	Human papilloma virus vaccine
IPV	Inactivated polio vaccine
Menactra	Meningitis vaccine - different strains than Trumemba
MMR	Measles, mumps and rubella vaccine
Prevnar	Pneumococcal vaccine
Rotateq	Oral rotavirus vaccine
Tdap	Tetanus, diphtheria, and pertussis vaccine

Trumemba

Meningitis vaccine - different strains than Menactra
